industrial and business activities in rural areas. The
Secretary of Labor must review the application for financial
assistance for the purpose of certifying to the Secretary of
Agriculture that the assistance is not calculated, or
likely, to result in: a) A transfer of any employment or
business activity from one area to another by the loan
applicant's business operation; or, b) An increase in the
production of goods, materials, services, or facilities in
an area where there is not sufficient demand to employ the
efficient capacity of existing competitive enterprises
unless the financial assistance will not have an adverse
impact on existing competitive enterprises in the area. The
Employment and Training Administration within the Department
of Labor is responsible for the review and certification
process. Comments should address the two bases for
certification and, if possible, provide data to assist in
the analysis of these issues.
